

## INTEGRAL GREASE SEPARATOR HDPE to EN-1825-1

The Aquafix Milieu Euromal grease separators removes grease, fats and oils from kitchen waste water. These separators are equipped with an integrated sludge trap and are manufactured in accordance with European standard EN1825-1 and have a CE mark. The separators are tested, rated and certified for use and functionality by the accredited institute TUV LGA. The separator housing is manufactured out of durable 1st. class new HDPE material. The internal part of the separator is made out of durable, KOMO certified PE. Standard the separator is provided with a fastened plastic cover odor proof type Teufix®.

### Benefits:

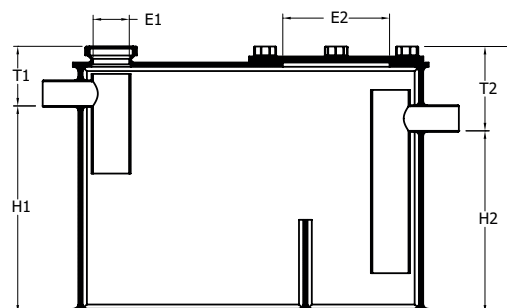

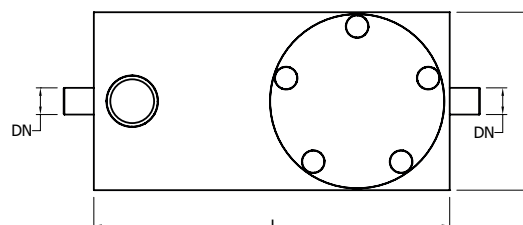

- Above ground installation
- Compact design
- Manufactured out of durable HDPE.
- Durable PE (KOMO certified) spareparts
- Manufactured according to NEN-EN 1825
- Customized production on request

### Options:

- Underground installation
- Pump pit
- Flexible connectors
- Grease level alarmsystem
- Controle chamber

### Certificates:

- CE Marking
- Aquafix Quality Certificate
